OPPOSED W-01212A-12-0309, SW- 20445A-12-0310, W-03720A-12-0311, W-02450A-12-0312, W-02451A-12-0313, W-20446A-12-0314, W-01732A-12-0315 WATER - SEWER

My wife and I would like to comment on the proposal by Global Water to substantially raise the cost of water and sewer in the town of Maricopa. Both my wife and I are retired and on a fixed income. The large increase being proposed cannot easily be absorbed into our budget and will place a financial hardship on us. Not only will we have to directly pay substantially more for our water and sewer service, the HOA in our neighborhood cannot absorb these higher rates without passing the cost onto its members in the form of higher dues. If this happens we will be paying twice for the proposed increases. The monthly amount we pay for water and sewer is already more than what our family and friends pay in neighboring cities and the proposed increases will only increase that gap. This will have a negative effect on home sales in the city, both existing homes and new construction, as families will choose to live where the water and sewer costs are more affordable. We sincerely hope that you do not approve the large increases being proposed.
